

# Recycling

## WEEE RECYCLING SYSTEM

**WEEE recycling solutions**

E-waste contains a big part of valuable resources, our task is to separate different types of material for reuse. Flexible plants are proposed to handle Refrigerators, printers, TV sets, circuit boards, cables and etc. By the proven technology of Genox, the bulk density of the ferrous from the refrigerator recycling plant is ready for transportation, additional hydraulic baling machine is not required.

*Combined Cable Recycling System**Printer Recycling System**Refrigerator Recycling System*

**GENOX**  
shredding recycling
